

# UNG I NORDEN 2024

Welcome to Ung i Norden 2024!

Finland is hosting Ung i Norden this year in Helsinki, Finland from the 11.-13.10.2024. The sessions will be held at Partioasema, our scout office, and accommodation will be in a nearby hostel.

All scouts around the world are united by the same ideals, which at its core, is about building friendships without borders and bearing responsibility of your surrounding society. This year's Ung I Norden theme will be the on the very relevant topic of **Peace**.

We hope through the weekend participants will meet and make new friends from the Nordics, learn about peace and using their own voice to advocate for it. We also aim to talk about what peace truly means from global solidarity to peace work in their own communities and surroundings, how peace work is visible in their own scout organizations and programs and using the Finnish "Erätauko keskustelu" method as a dialogue tool.

Each country may send up to 4 participants between the 16-22 years old, except for Denmark being allowed 5 due to the number of associations. We ask that the participants be selected, and information (name and emails) be sent to us by the **31.8.** to [international@partio.fi](mailto:international@partio.fi).

The participation cost is currently 200 euros. We are still in the hope of getting outside funding to lower the cost and are still waiting to hear back, but we strongly suggest being prepared for the 200 euros. The participation cost covers meals, accommodation and program.

Yours in Scouting,

Meri and Oona  
International Commissioners WAGGGS and WOSM
