

# Welcome to the Icelandic National Jamboree July 20<sup>th</sup> - 26<sup>th</sup> 2026

We would love to see you and your troop this summer at our Jamboree. Our Jamboree is our biggest event and all scouts and guides in Iceland come together for a week along with our friends from abroad.

The Jamboree is held at the Outdoor Scout Center in Hamrar, Akureyri. Here you can visit [their website](#) and here you can see more [about Akureyri](#).

The theme will lead us into nature, where we will learn how to take care of ourselves and experience the wildlife, weather, landscape and the community around us. We will also explore the effects of global warming on the area and learn about sustainability in northern regions, connecting it to the United Nations' Sustainable Development Goals.

The event program has four tracks with program adapted to age of participants: Hiking Day, Town Day, Forest Day, Challenge and Records Day. There will also be a Festival Day where groups can present their group, town or country in any way they choose. This could include food, games, dances, singing or anything else you feel like sharing.

**The participation fee is 78.900 kr ISK for one person  
Signup will close on February 1<sup>st</sup> 2026**

If you want transportation from the airport to the campsite you can reach out to Daði at [travel@skatarnir.is](mailto:travel@skatarnir.is) and he will help you arrange that along with [pre/post travels and equipment rent](#).
